

1. Students will sign into their online account at collegeboard.org. Once signed in they will click on SAT registrations in blue on the left.

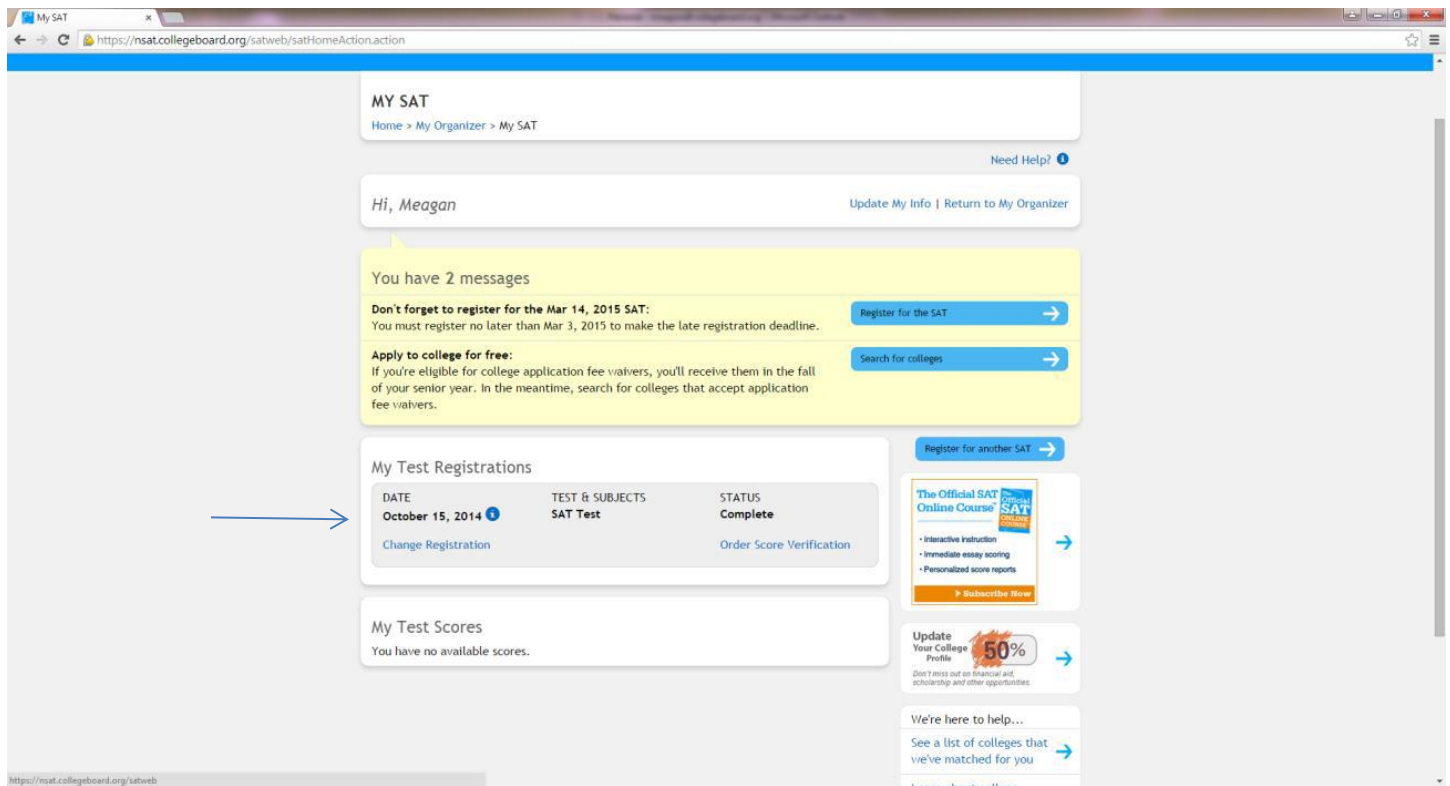

2. Students will then be taken to another page on the site where they will click "Register Now" under SAT Registrations:

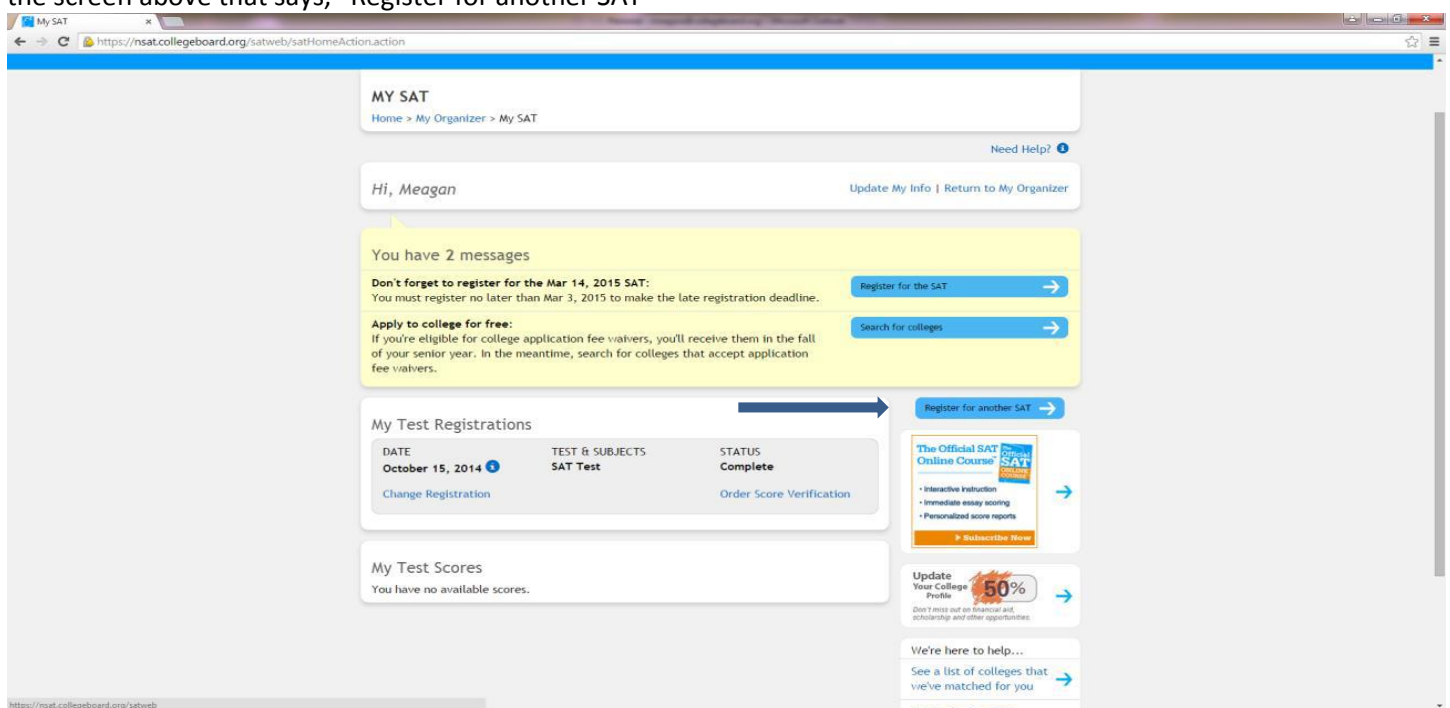

3. After this action is taken students may be asked again for their Password. Please have the student re-enter their password.

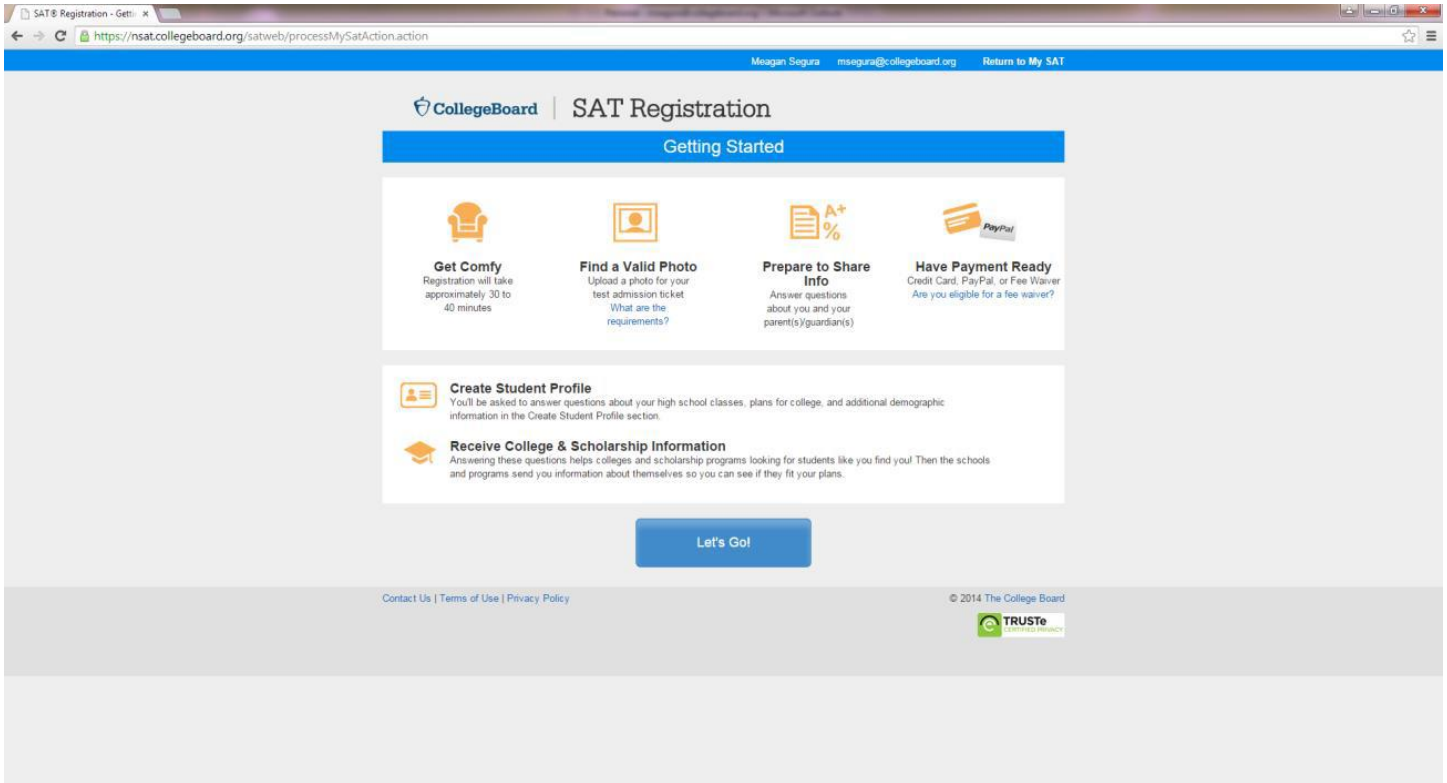

4. Once the security check point is validated, they will be taken to the page below. If they see the School Day SAT test date listed then their registration has auto matched to their existing online account. If scores are available they will be here for viewing with the option to send should the student desire to do so at that time. Note: A fee to send scores does apply. **If the School Day SAT test date is NOT listed please see step 5.**

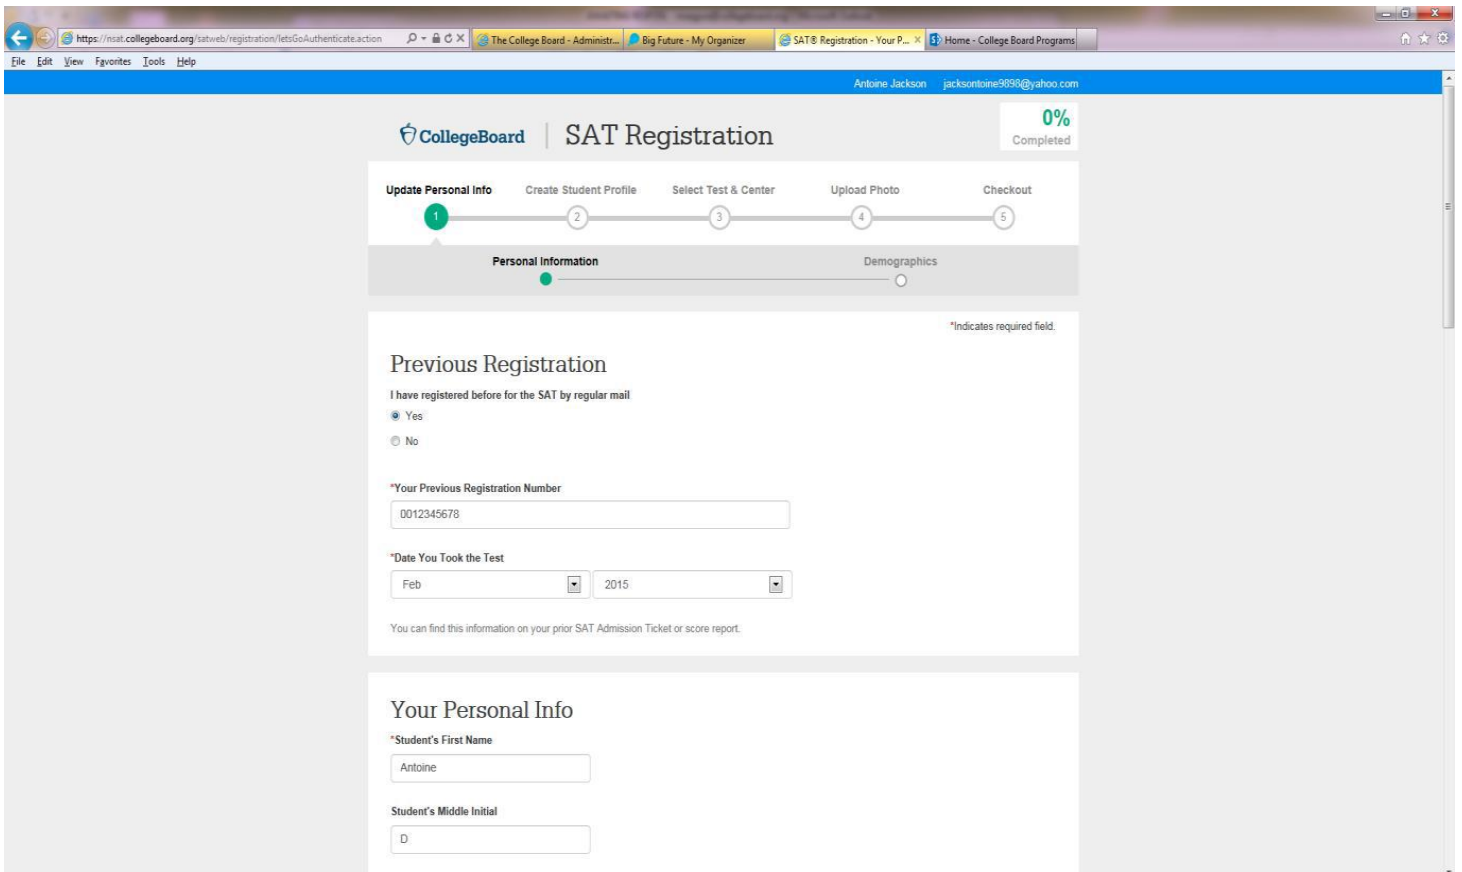

5. If the School Day SAT test date they attended is NOT listed please have the student click on the blue box to the right of the screen above that says, "Register for another SAT"

6. Students will then be taken to the page below. They will select “Let’s Go”

7. After selecting “Let’s Go” they will then be taken to the page below. Students select “Yes” when asked if they have registered for the SAT by regular mail. They will then enter the month and year of the School Day SAT they attended and enter in their School Day registration number that is listed on their paper score report.

8. After completing all required fields on this page and selecting “Continue” at the very bottom, they should be able to successfully view their School Day SAT Registration and scores if available.

Thank you!
