

How to Connect to Your Home Wi-Fi

WARNING

1. You **must** log in to your laptop at least once at school prior to taking it home or you **will not** be able to log in.
2. Any files stored on your H drive **will not** be accessible from home. Save the file to a thumb drive, your Google Drive, or your OneDrive to access it from home.

Instructions

1. Turn your laptop on and wait for it to get to the login screen.
2. Click on the Wi-Fi signal icon in the bottom right hand corner of the screen

3. Click on your Wi-Fi's network name (SSID) and enter your password to connect.

NOTE

You will have to do these same steps again to connect to the WASD network when you return to school. Otherwise you will not be able to access the internet or log in to Buzz.
