

SIGN AND RETURN THIS FORM IF YOU  
DO NOT WISH YOUR CHILD TO USE THE INTERNET

Each Joint School District No. 2 student will be assigned a computer network login that will provide the student with access to district approved software. Unless a parent has signed this "Internet Opt-Out" form, each student will be given access to the Internet.

The proper use of the Internet provides opportunities for research, learning and communication. Some programs that support district curriculum are accessed *only* through the Internet:

- \* specific intervention, enrichment and curriculum resources (i.e., Plato) are only via Internet access
- \* library catalogs for each of our school libraries are available only via Internet access
- \* subscription-based research databases are available only via Internet access

The student and his/her parents(s) should read and discuss the district policies regarding computer network and Internet use. While Joint School District No. 2 makes every possible effort to limit improper use and used proxy/filtering software to shield users from access to inappropriate materials, it is not possible to absolutely prevent such access. All Network/Internet users are expected to use all network resources for purposes appropriate to the educational environment at all times. Users must refrain from any use that is not consistent with the policies, purposes or objectives of Joint School District No. 2.
