Assessments: HSM 2 is divided into 8 units, 4 units covered in first semester and 4 units covered in second semester. There will be a test or project at the end of each unit. You will have the opportunity to retake assessments throughout the semester. Before retaking you must turn in extra practice provided by the teacher.

Absent Work: If you are absent use Teams to locate missing notes, assignments, and recorded lectures.

Extra Help: It is my recommendation that you and your student get acquainted with Khan Academy which can be found at www.khanacademy.org. Another website you can visit is www.purplemath.com.
