

Adobe Spark Post for Tuesdays with Morrie #1 -Reassessment Instructions

Materials: Refer to the questions on the “Adobe Spark Post for Tuesdays with Morrie #1” form in this folder.

Directions: Create a Word Document that corresponds to the numbered questions on the “Adobe Spark Post for Tuesdays with Morrie #1” form. Type answers to the questions. This Word document does not need to include pictures. Simply type answers to the questions in Word. Next, open Adobe Spark and choose the Instagram Post template. Select a grid that contains four horizontal sections. Copy your answers from Word into each grid (one answer per grid). Add a picture in each grid to represent your answer. Make sure the picture is not in the background of the words, instead, it needs to be off to the side in each horizontal section. Finally, use the Snipping tool to capture your Adobe Spark Post and add it to the “TWM #1” folder in Classwork of your OneNote account.

Turn in: Save your Word Document and email your Word Document to me as an attachment. Indicated in your email that you have also completed your project in OneNote so I can grade it there. Make sure to include the assessment title and your class period in the subject.
