

Did you know...

... your child may qualify to receive

free or reduced price meals at school?

Applying for and receiving free and reduced meals is simple and confidential. We offer online application processing that provides parents with an efficient and quick way to submit free and reduced applications.

Visit www.westada.org, click on lunch menus > free and reduced > then click on application link (www.frapplications.westada.org)

We also have paper applications at school offices, district office and cafeterias.

Do you receive food stamps?

Your child qualifies for free meals at school if your household receives food stamps. **If you have not received a letter** from School Nutrition Services stating that your child will receive free meals at school, you will not need to fill out an application **but you must call our office** to inform us of your food stamp case number. All charges are the guardian's responsibility until we are notified.

Welcome and we look forward to seeing your child in our cafeteria!
