

Name: _____

Period: _____

Graphing annual precipitation for Boise, Idaho

Directions: Using the data below, create a bar graph of the annual precipitation for Boise. Your graph must include

1. all the required parts of a graph (notes below),
2. be neatly drawn and each month is colored differently
3. Label the x and y axis
4. Intervals must be labeled and even

Graphs: All graphs have a TAIL-

T: _____

A: _____

I: _____

L: _____

Month	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Av. precipitation in inch:	1.5	1.0	1.75	1.25	1.25	1.0	.75	.25	.75	.75	1.5	2.0

Before you begin, look at the numbers and decide how you will space your intervals. You have lots of room on your graph, so you can skip lines.

What is your interval spacing? _____

Name _____

Date: _____ Period: _____
