

# *Interested in GUITAR?*

**START**

## **BEGINNING GUITAR**

Beginning Guitar assumes no previous music experience. In this class you learn how to play chords and read music in both standard notation and TAB notation. You must have an approved guitar to take this class.

## **ADVANCED GUITAR**

Once you have completed Beginning Guitar, you can register for Advanced Guitar. This course teaches you how to play bar chords, movable scales, and how to improvise.

## **Want to learn more and keep playing?**

After you finish both guitar courses, talk with Mr. DeWitt about how you can participate in **Jazz Band, Orchestra or Music Theory!**

Please contact Mr. DeWitt if you have any questions about music classes at Rocky Mountain High School.
