Daily Expectations

- Come to class prepared with materials.
- Complete all practice assignments.
- Participate in all class discussions, activities, and note taking.
- Be respectful to all classmates, teachers, and property.
- Advocate for yourself – Ask questions when you do not understand. We are here to learn and it's okay to ask for help!
- Be ready to work from the time class starts until the teacher dismisses you.
- It is your responsibility to communicate and coordinate with your teacher about missing work when you are absent.

Course Content

Honors Math 7 covers a combination of 7th & 8th grade topics.

- Ratios and Proportional Relationships
- The Number System
- Expressions and Equations
- Geometry
- Statistics and Probability
- Functions

7th & 8th grade math standards can be found at

<https://www.sde.idaho.gov/academic/shared/math/ICS-Mathematics.pdf>

Grading

Assessment Grading Rubric:

8-10: Proficient

The student's work demonstrates a solid understanding of grade level concepts and skills. Performance is characterized by the student's ability to consistently understand and apply key grade level concepts, processes, and skills with accuracy and quality.

6-7: Basic

The student's work demonstrates partial understanding of grade level concepts and skills. Performance is characterized by the student's developing ability to understand and apply key grade level concepts, processes, and skills.

5: Below Basic

The student's work does not yet demonstrate understanding of grade level concepts and skills. Performance is characterized by the student's ability to understand and apply concepts, processes, and skills one or more years below grade level. Interventions will be utilized to support the student in progressing toward grade level standards.

Overall class grades are weighted by each category as follows:

Assessments	85%
Quizzes	10%
Practice	5%

Grade percentage (%) scale:

90-100	A
80-89	B
70-79	C
60-69	D
0-59	F
