

3rd Grade Dolch Sight Word List

Shark!

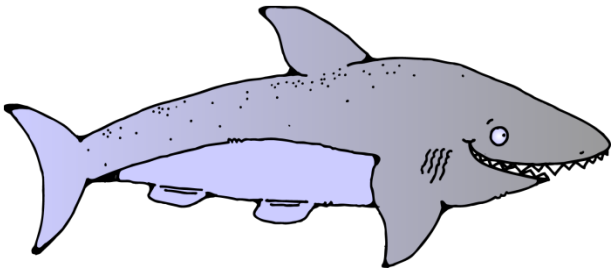

This game is based on the game Bang! Laminare and cut out all cards. Mix up all cards and place them face down in a stack. Students take turns removing the top card from the stack. If they can read the word on the card, they place it in front of them. If they pull a Shark! card, then they return all of their cards to the bottom of the stack and play continues.
