

Sight

Words

Uno!

**Dolch
Pre-Primer
Words**

**CCS:K.RF.3c
CCS:K.RF.3d**

www.aturntolearn.blogspot.com

This sight words game is played exactly like the game it is modeled after: Uno! Give each player 5 cards, and place the rest of the cards face down in a pile. Flip over the top card from the pile and have the first player match either the color or number of that card. (The color for each word is random, while the number corresponds to the number of letter in the word). When that player puts the card down, he/she must say the word that is on the card. The next play continues, matching either the color or the number.

Special Cards:

Draw Two: The following player must draw two additional cards.

Reverse: The order of play reverses.

Skip: The next player's turn is skipped.

Wild: The player chooses what color the next person has to play.

If a player is unable to match the color or the number, he/she has to draw a card from the pile on the table. When a player gets down to only one card, he/she must say "Uno!" while placing down his/her second to last card. If the player forgets to do this and someone else catches him/her, that player must draw an additional two cards. If no one is out of cards by the time all of the face-down cards on the table are picked up, the face-up cards must be reshuffled to continue to play.
