RE: **Addendum 3 – Bid 934401 Propane Fuel Supply**

ITEM 1: As a follow up to Addendum 2 to allow sufficient time for bidders to gather quotes for the electrical and site work involved in construction of the fueling station, we are extending the submission deadline for Bid 934401 Propane Fuel Supply to **Wednesday, December 18, 2019 at 2:00 PM MDT.**

Additionally, in Addendum 2 we modified the **CONSTANT** component of the pricing structure to include the costs of site work, crash protection and electrical work. As an addition to that language the costs for the site work, crash protection and electrical work are to be removed from the pricing structure once those costs have been recouped by the awarded vendor.

ITEM 2: The deadline for submittal of questions has been extended to December 12, 2019. Please submit questions in writing to purchasing@westada.org.
