

Addendum

RE: **Addendum #1** – 010301 Prime Vendor

ITEM 1: **Q:** “What is the average monthly case count of commodity items by category to be stored and how many items would need to be transferred from current Distributor.”

A: The food that would be required to transfer at the end of the year is hard to gauge. We are on a new commodity ordering system and for the most part our last big orders come in March. We will hold food over for Summer Feeding. Some important statistics to note:

Commodity items on hand as of 6/30/19: 2091 cases

Inventory on hand as of 2/21/20: 1180 cases

An estimate would be around 1600-1800 cases at the end of June.

As far as the average amount of commodities on hand, the numbers that we provide in the bid where we list them out by storage type, would let the vendor know what to expect.

Total cases combined is 18,050

Divide that by 12 months gives an average of 1,504.

ITEM 2: **Q:** “How many USDA Foods products (number of specific items) are anticipated? How many USDA Foods cases are anticipated by temp zone? Dry, Frozen, Refrigerated”

A:

	CASES	
NUMBER OF COMMODITY ITEMS AT IT'S PEAK 19/20 SY	2496	
DRY	1596	
COOLER	155	
FROZEN	745	
AVERAGE INVENTORY THIS PAST YEAR IS	2123	
	Mar-19	1732 18/19 SY
	Apr-19	3111 18/19 SY
	May-19	2229 18/19 SY
	Aug-19	1641
	Sep-19	2006
	Oct-19	2156
	Nov-19	1713
	Dec-19	2058
	Jan-20	2496
	Feb-20	2085

ITEM 3: **Q:** There are 18 items on the Food List that have notes “Commodity Back up”-8/Dry,8/Frozen and 2/Refrigerated. I can do the calculations based on that information, but USDA has so many offerings that I want to make sure we allow for the space to take care of your needs.”

A:

ITEMS THAT ARE NOT INCLUDED AS A COMMODITY BACK UP (CASES LISTED ARE ON HAND AT HIGHEST PEAK TIME)		Jan-20	
Bean Black Turtle	6/#10 Cans	18	
Bean Kidney	6/#10 Cans	16	
Fruit Apricot Diced	6/#10 Cans	225	
Strawberry Cups	96/4.5 OZ	70	
Vegetable Blend Pepper & Onion Strips	1/30LB	20	
Vegetable Mix Frozen	1/30LB	50	

ITEM 4: **Q:** “Line 73: Do you really want the .5oz Goldfish? They’re not whole grain, so don’t credit. The #18105 Whole Grain Cheddar is .75oz and credits as 1 grain. There’s also Xtra Cheddar and Colors that are the same.”

A: We use the Goldfish for Summer Feeding only. They are an extra so we don’t need the Grain Credit.

ITEM 5: **Q:** “Line 120: Do you really want the .75oz Peanut Butter cup? I ask because the 1.1oz is a 1MMA, but the .75oz is not.”

A: The Peanut Butter is used for Summer Feeding. We have received this from USDA in the past but had to go to Smucker’s due to the USDA being unavailable. We also aren’t counting this in the “Meal Pattern” as it is an extra to go with the Celery as the

kids tend to take the Celery if it is with Peanut Butter rather than by itself.
