

We The People

UNIT 5

We have spent hours compiling these sites, and have tried to be very careful in screening for content just prior to releasing this information to students. However, websites frequently update content, so close supervision of young students is always necessary with this type of research. We have discussed this in class, and do monitor it closely here at school. We highly recommend parental supervision at home, as well. If an updated website should contain inappropriate content, please contact the teacher immediately.

1. What Responsibilities go along with the rights of citizens?
