As you are probably aware, **you can improve your German grade** (if you don't already have an A). This means that everyone can get A's! **If you wish to make up or redo any assignment please email me directly with a list of the assignments, quizzes or tests** that you would like to redo, and we can work out a plan for you.

**The main thing that you can do to brush up on your German right now is to study vocabulary.**

As you know, I have uploaded most if not all of our vocabulary from this entire year into Quizlet. You can use the link below to access all the Quizlet study sets for German 2 / 3. Quizlet has lots of ways to study including modules called **Flashcards, Learn, Write, Spell, and Test**. There are even games called **Match**, and **Gravity** that you can use to familiarize yourselves with vocabulary while having fun at the same time.
