

The Coyote Learning Trail

I can solve word problems involving multiplication of a fraction by a whole number using models and equations.
Level 3

I can multiply a fraction by a whole number using models and equations
Level 3

I can recognize multiplication as repeated addition.
Level 2

I can solve word problems using addition and subtraction of fractions with like denominators.
Level 3

I can subtract mixed numbers with like denominators.
Level 3

I can subtract fractions with like denominators.
Level 3

I can add mixed numbers with like denominators.
Level 3

I can recognize and generate equivalent fractions.
Level 3

I can decompose a fraction and represent it with a written equation.
Level 3

I can understand that an improper fraction represents more than one whole.
Level 2

I can add fractions with like denominators.
Level 3

I can compare two fractions with different numerators and denominators using $<$, $>$, $=$.
Level 3

I can compare two fractions with different numerators and the same denominators $<$, $>$, $=$.
Level 2

I can represent fractions using a bar model and placing them on a number line.
Level 2

I can identify and name a fraction with the correct numerator and denominator.
Level 2

I can understand that a fraction is a part of a whole.
Level 2
