

# RADIAL MANDALAS

# RADIAL BALANCED MANDALA

## STEP #1:

Create your design.

Draw on a 5.5 X 5.5”  
inch paper in INK!

**\*DESIGN MUST  
TOUCH TWO SIDES  
W/CENTRAL POINT**

## STEP #2:

Take Final 11" inch paper

Divide your 4 inch square into quarters.

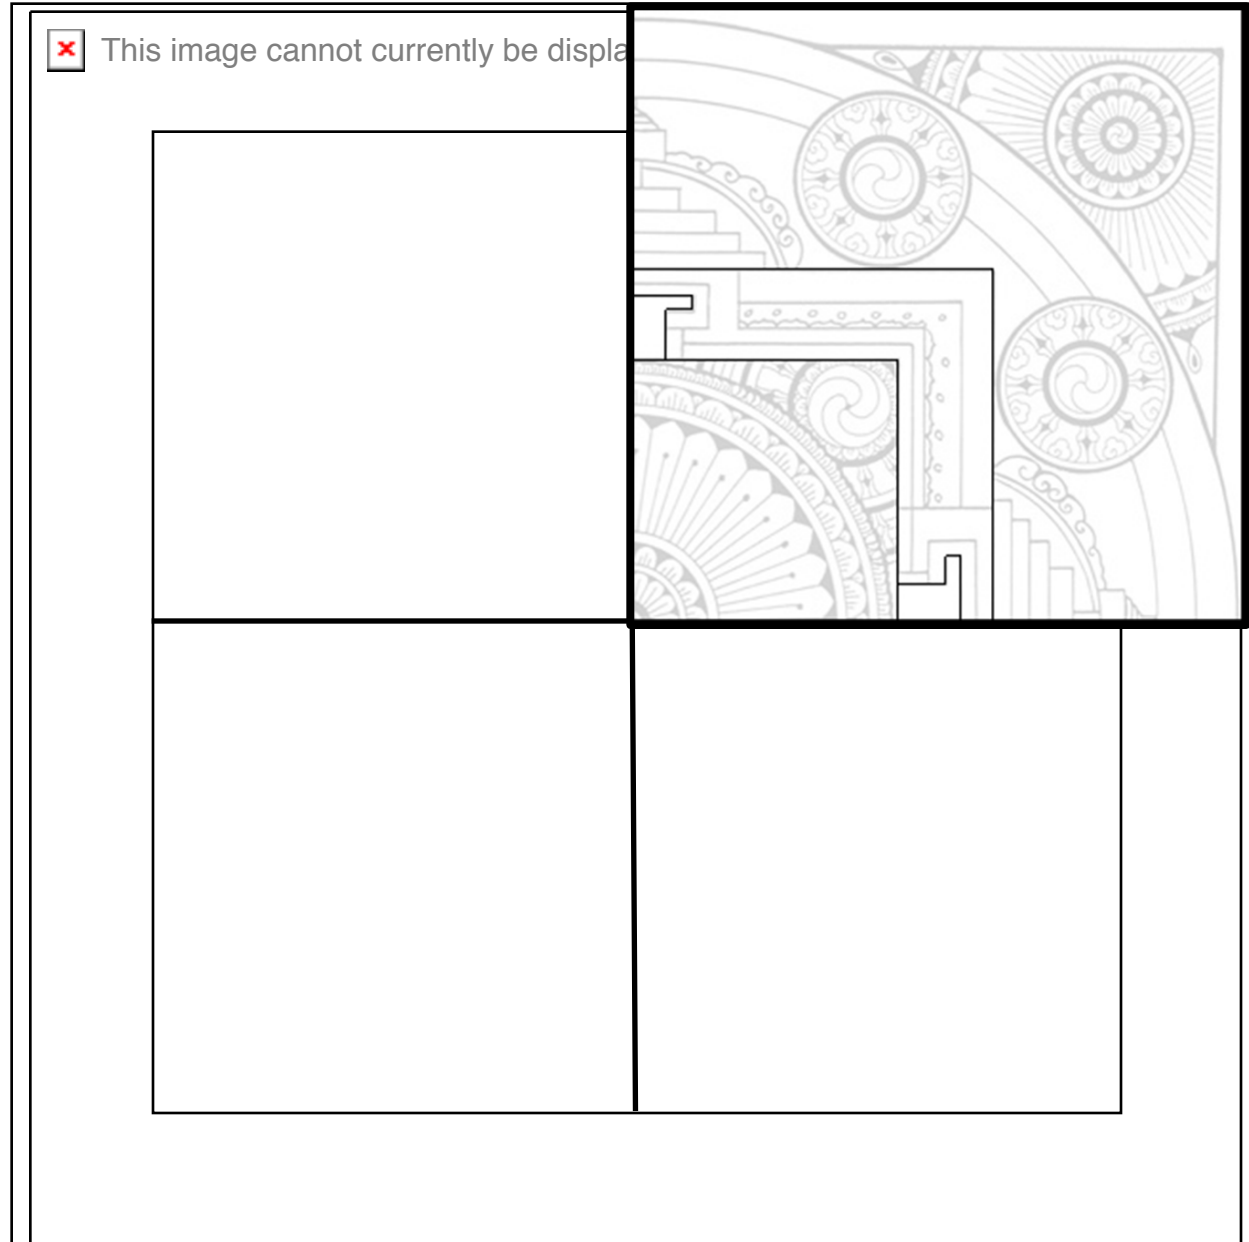

Measure 5.5" inch at the top. 5.5" at the bottom.  
Make a line. Repeat.

### STEP #3:

Begin with a 5.5 X 5.5" design that touches at least two edges

Trace it (LIGHTLY) using **USING GRAPHITE TRANSFER** onto your final paper in the top right quadrant.

STEP #4:

FLIP don't  
rotate the  
image to the  
BOTTOM  
RIGHT  
quadrant, then  
trace  
(LIGHTLY)  
again.

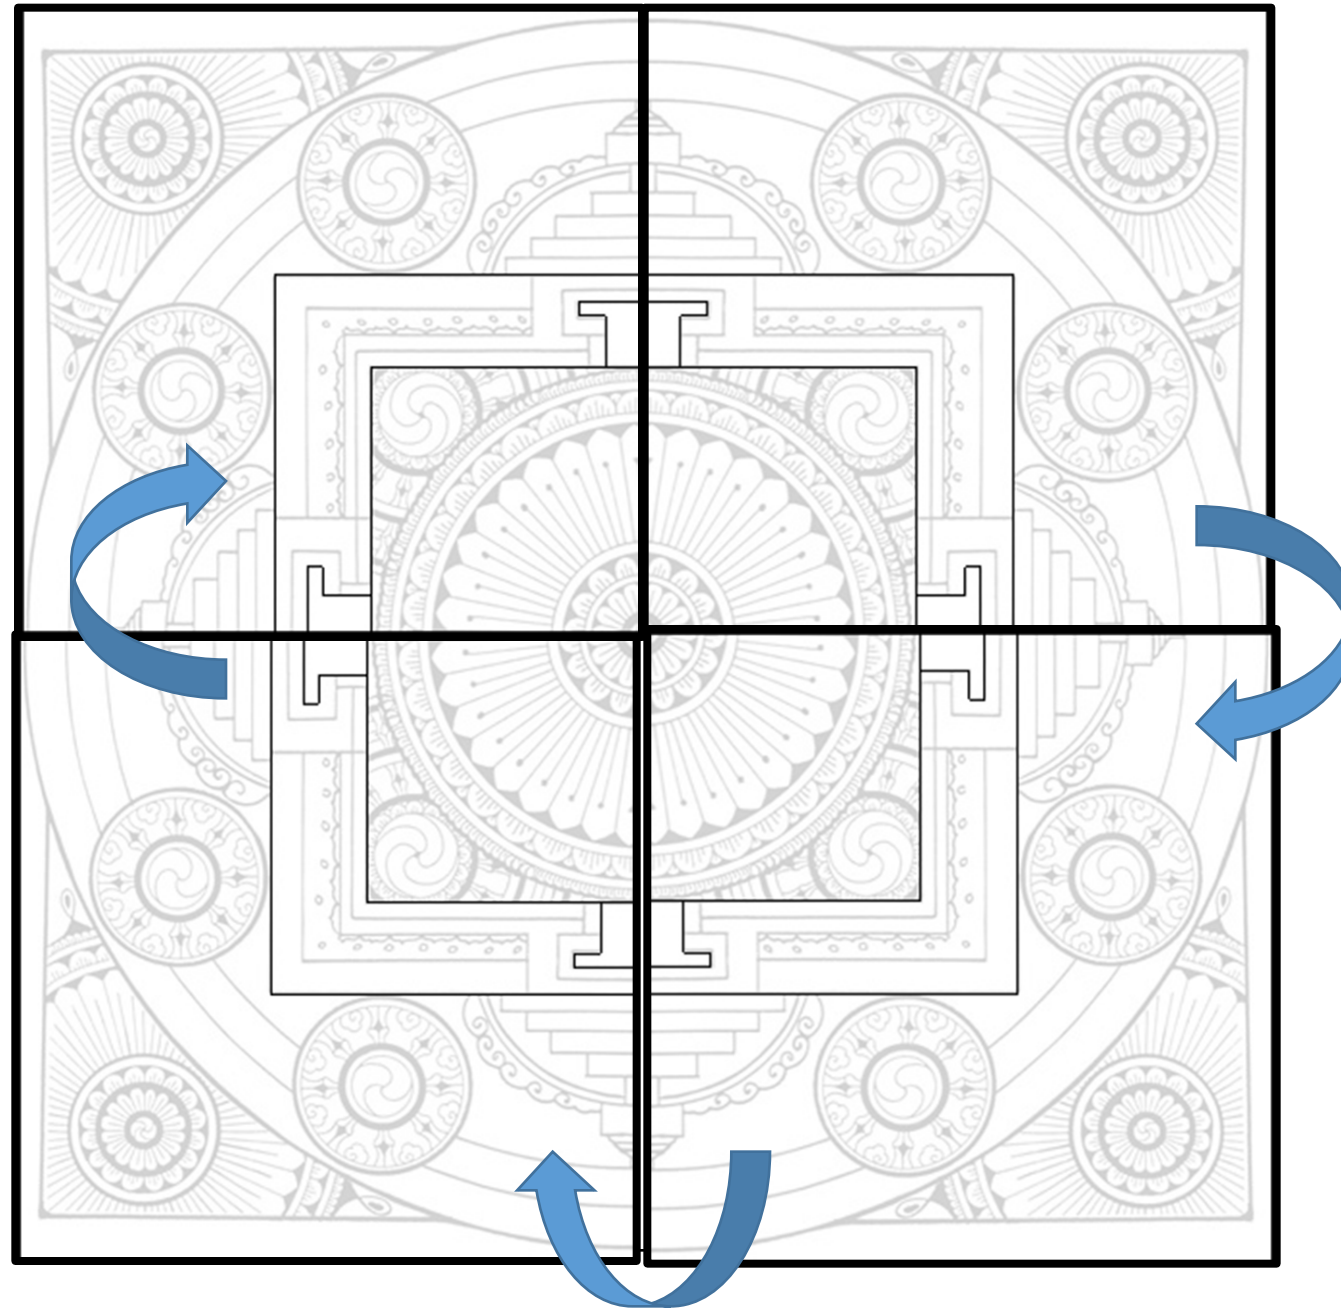

STEP #5:

FLIP don't rotate the image to the bottom LEFT quadrant, then trace (LIGHTLY) again.

STEP #6:  
FLIP from the  
bottom left  
quadrant TO  
THE TOP  
LEFT,  
then trace  
(LIGHTLY)  
again. Be  
careful, this  
one is tricky...

STEP #7:

**Erase LIGHTLY**  
your pencil lines!  
You will still be able  
to see your design.
